Meeting ID: 990 4265 3432

Password: 150975

Purpose: To refine the Needs Assessment Criteria document and data sources spreadsheet, and determine an approach and next steps for ranking and weighting

Objectives:

- Review the Needs Assessment Criteria Details Document
- Review the Wildlife and Transportation Data Sources Spreadsheet
- Understand the concept of ranking and weighting
- Determine approach and next steps for ranking and weighting
- Outline homework and agenda for January 28 meeting

Agenda:

1. Introduction

2. Needs Assessment Criteria Details Document
    a. What did the work group accomplish at the last meeting?
    b. What are comments and additions?
    c. What are the next steps on this document?

3. Wildlife and Transportation Data Sources Spreadsheet
    a. What did the work group accomplish at the last meeting?
    b. Did members add data sources? If so, what did they add and why?
    c. What are the next steps on the spreadsheet?

4. Ranking and Weighting Overview (Adam and Andrew)

5. Next steps
    a. What are the next steps for ranking and weighting? How do you want to approach this?
    b. The next meeting is January 28 – do you want to make this a longer workshop-style meeting? (Liz)
    c. What does the group want to accomplish at the January 28 meeting? What should be on the agenda?
    d. What is the group's homework between now and January 28? Will that be accomplished individually, in small groups, or some other way?

6. Review and Close
